

Muhammad Fauzan Rizky Ramadhan

mfauzan.rizky@gmail.com | [LinkedIn: Fauzan Rizky](#) | +6281286872002 | Jakarta

A Data enthusiast, committed to leverage my skills in data analytics and problem-solving to drive insights. With a background in Information Systems, complemented by hands-on projects and relevant certifications such as Python, Excel, SQL, and Tableau, I am actively shaping my expertise in the field. Additionally, my experience in leadership roles has honed my teamwork and project management skills within collaborative environments. I am determined to contribute to organizations in roles encompassing data analytics, business intelligence, and machine learning.

EDUCATION

Bangkit Academy led by Google, Gojek, and Tokopedia

Feb 2024 - July 2024

Machine Learning

UNIVERSITAS INDONESIA

Aug 2021 - Aug 2025 (expected)

Bachelor's Degree in Information System, Faculty of Computer Science

VOLUNTEERS AND ORGANIZATIONAL EXPERIENCE

HEAD OF BUSINESS IT CASE COMPETITION, COMPFEST

Mar 2023 - Nov 2023

- Managed and led a team of 12 in hosting national-level business-it case competition:
Initiated, Planned, Executed, and closed the project

PROJECTS EXPERIENCE

ACADEMIC PROJECTS, [Projects](#)

Led and contributed to several academic projects. The projects consist of academic assignments and client-focused projects. The link above provides access to my project's repository, which showcases my ability in data science, machine learning, data analytics, and web development.

INDIVIDUAL PROJECTS, [Projects](#)

Projects on data related fields such as Microsoft Excel, Tableau, and other Machine Learning Methods (Supervised & Unsupervised Learning, Recommenders, Reinforced Learning, Convolutional Neural Network, Natural Language Processing) to showcase my skill in the data domain.

SKILLS

Machine Learning: Tensorflow, Keras, SKLearn, Anaconda, Python, NumPy, Pandas, Supervised Learning, NLP, CNN.

Data Visualization & Presentation: Seaborn, Tableau, Microsoft Powerpoint

Database: SQL, Microsoft Excel, PuTTY

Software Programming: Java, Javascript, HTML, CSS, Django, Spring Boot

Design: Figma and Canva

Project Management: Waterfall & Agile Method, Asana, Notion

CERTIFICATION

Google: Data Analytics, IT Automation with Python.

Microsoft: Careers Essentials in Project Management

DeepLearningAI: Tensorflow Developer, Tensorflow Data and Deployment.

Hackerrank: SQL Intermediate

Datacamp: Data analyst with Python, Tableau Fundamentals, Excel Fundamentals.

[Google Certifications](#)

[Microsoft Certificates](#)

[DeepLearningAI Certifications](#)
